Education

2021 - 2026: B.Sc. Computer Science Degree at the Open University of Israel, GPA – 88.
Grades in courses: Intro to Computer Science and Java Programming – 100
Data Structures and Algorithms – 97
Operating Systems – 97

Projects

SmartList Android App

Developed a native Android application in Kotlin using Jetpack Compose, Room DB, and MVVM architecture to automate shopping list updates by parsing incoming supermarket SMS receipts and matching purchased items using Hebrew NLP logic.

Link: [SmartList.git](#)

Secure File Storage in Cloud

Developed a secure client-server (End-to-end) backend software using C++, Python, Cryptopp, and SQLite, utilizing cyber-focused encryption and demonstrating OOP principles and parallel processing.

Link: [SecureFileComm.git](#)

Assembler Project in C

A program that processes assembly commands, analyzes them, and converts them into machine code.

Skills

- Programming Languages: Python, Java, C++.
- Familiarity: C, GitHub, Linux, Jenkins, Docker, SQL.
- Analytical thinking, complex problem-solving, and strong attention to detail

Work experience

2021–2023: Private Teacher for the course "Introduction to Computer Science and Java Programming".

2024–present: Front Desk Officer at Mobileye.

2019 – 2020: Personal Trainer at Holmes Place.

Languages

Hebrew – Native
English - Fluent

Military service

2017 – 2019: Combat soldier and NCO in the Operations Division of the Paratroopers Brigade.
